

ARUN KUMAR P K

SOFTWARE TESTER

PROFILE

Detail-oriented and creative software Tester with a strong foundation in UI & UX Design principles. Skilled in ensuring both functional accuracy and user centric across digital products. Adept at identifying usability issues, crafting intuitive user experiences and collaborating with developers and designers to deliver high-quality, user-friendly applications. Proven ability to bridge the gap between technical testing and design aesthetics, ensuring seamless product performance and visual appeal familiar with tools like Figma, Adobe XD, Selenium, JIRA & Usability testing techniques.
